

MISSION HAITI MEDICAL

Spreading the Gospel of Jesus Christ through a healthcare alliance with the people of Haiti.

What a great time in the life of Mission Haiti Medical! The progress made to the clinic at St. Ard in the last months has been fantastic, and we feel as if we have simply scratched the surface of what is to come. Who knows exactly what God has in store for us!

RHONDA EYES ALLIANCE RhondaEyesAlliance.org

MHM and Rhonda Eyes Alliance have teamed up to help present God's gift of sight to those who need help. The northeast corner of the Lopital Leglise de Dieu Reformee has become home to an eye clinic operated by Rhonda Eyes Alliance. An eye examination area has been constructed on the first floor and immediately up the stairs on the second floor is the laboratory capable of fabricating custom lenses for much needed glasses. *We are so thankful for Rhonda and Pierre who have allowed us to be a part of their ministry to the Haitian people!*

A New Generator

Through the sacrifices of many, MHM has purchased a new back-up generator for the hospital. As we continue to do more procedures at our hospital and clinic, the need for consistent electricity has become a necessity. If our main generator is to falter (and it has) we are placed in a very precarious situation, but now we have another generator capable of sustaining every aspect of the clinic.

God has provided!

RADIO IN HAITI

The second floor of the hospital is also now home to a recording studio, managed by Christians Broadcast Hope (CBH), a partnership that allows indigenous pastors and musicians to record sermons, music and Biblical truths on the premises of our hospital. CBH then purchases airtime at a Haitian radio station in Port au Prince, to air the recordings, allowing our Haitian pastors an avenue to further spread the news of Jesus Christ throughout the country of Haiti. *What an honor to be a small part in this ministry.* To learn more about CBH go to **CBHViewpoint.org**.
