

# MISSIONHAITI MEDICAL

Spreading the Gospel of Jesus Christ through  
a healthcare alliance with the people of Haiti.

## For The Love of Haiti

For four consecutive Saturdays in February 2021, Mission Haiti Medical is virtually presenting patient stories of hope and healing of Hôpital L'Eglise de Dieu Réformée. Our hope is that by seeing and hearing some of our patients firsthand (virtually), you will better understand the work that God is doing in Saintard, Haiti, and will better understand how to partner with us prayerfully and fiscally to continue to empower the Haitian hospital staff. Each event will be unique, with stories, Haitian singing, and even Haitian cooking lessons! **Tickets can be purchased online at [MissionHaitiMedical.org](https://MissionHaitiMedical.org).** Single session tickets are \$25, or for \$75 you can attend and all 4 sessions. **We hope to see you there!**

### Thank You To The Sponsors Of Our First Event:

- Davisson & Davisson
- Quack Daddy Donuts
- Stewart, Peck, Hueston & Thomas, LLC Certified Public Accountants

### An Important Hidden Part Of The Hospital

In the late 1990s, a 9' x 14' hole was dug near the hospital, lined with cement blocks, and large drainage pipes were directed to it. The hole was then covered with a metal-reinforced concrete lid and a drain field was created going away from it. This septic system has functioned, well, until (you guessed it!) late in 2020. While the costs of replacing the septic system were a difficult expense to shoulder especially during a pandemic and an economic downturn, God provided a way! **With the financial help of our friends at Kinderhilfswerk/AktionDeutschlandHilft, and weeks of physical labor from our Haitian friends near the hospital, a new and improved septic system was provided.** A septic system is something you don't appreciate or even talk about until it is not available. Even in things unseen or seemingly forgotten, God takes care of the details!

### Unprecedented Times, Unprecedented Measures

The combination of a sizeable drop in the amount of Haitian currency exchanged for the US dollar, governmental strife, violence on the roads, and the presence of COVID-19 in Haiti and around the world has created some unprecedented challenges in 2020. There have been times of discouragement, times of hardship, and times of sadness, but through it all, the staff of the hospital has persevered. Care has continued to be given, lives have been saved, and advances have been made. While 2021 has begun and is continuing to put its pressure on Haiti's overburdened and underfunded health system, we see God's hand at work. **We want to honor the staff at Hôpital L'Eglise de Dieu Réformée as they continue to be the frontline heroes, working in difficult situations. THANK YOU!**
